Plexus Mods

 EDIT

Category page

Railjack Mods (also called **Plexus Mods**) are applied to the [Railjack](#)-modding platform called [Plexus](#). They are divided into three categories: **Integrated**, **Battle**, **Tactical**, each category being compatible with the respective mod grid within the Plexus. Integrated mods provide stat bonuses to the Railjack and its Armaments, and include Railjack Aura mods. Battle Mods provide the Railjack with energy-based abilities, while Tactical Mods provide the Railjack with cooldown-based abilities. Mods in the latter two categories don't drain capacity, but are further divided into Defensive, Offensive, and Super subcategories, each corresponding to a single special slot. They drop in [Empyrean](#) missions and are untransmutable. Visually, Railjack Mods can be identified by their molded alloy trim.
