how do you catch taget once located have scanner what actually catches the guy

[A Fandom user](#) • 5/4/2015

There are 3 points on the targets body, scan them all and it will be captured.

[Starfreak911](#) • 7/29/2015

You can also buy traps from Simaris that hold the target in place for a few seconds. This makes scanning the points on their body incredibly easy

Just got it on Phobos during the Gate Crash event mission. It seems those white containers are using the void drop tables.

ive opened xxxx void canisters but only once i got this. how rare are they?

[A Fandom user](#) • 7/2/2014

There's a pretty huge pool of mods that can be found in void containers, I think. I'm in the process of grinding for this one and Sanctuary. So far, nothing :P

I got this from storage containers while supporting Eclipse on Sinai, rail conflict. So, that's one more place to keep your eyes peeled for this! (I don't mean you have to support Eclipse though)

Eclipse pays top dollar, support it with love

[A Fandom user](#) • 5/21/2014

people that build a rail on top of an existing free rail should be thrown off a cliff

[A Fandom user](#) • 5/24/2014

They pay top dollar? More like they have a top dollar tax of 25%+ x_x

[A Fandom user](#) • 6/11/2014

And Pluto pays more I'm not sure why you're expending your time on Battle Pay

what is a void container

A Fandom user • 4/13/2014

Void container is a [normal storage unit](#), that can be commonly found in any void missions.

Those will not drop any mods.

But if you find the "Vault".

Fandom is on a quest for your opinion about upcoming Movies!

rops a mods.

actually every canister has a chance to drop a mod. That's how I got my seeker (punch through rare pistol mod) :)

A Fandom user • 7/31/2014

^ True. Read the wiki on void missions. They drop mods and they disappear with. I'm not sure how long, more than a minute. Though, I've never tested it. Also, the mod picked up is different for each player.

A Fandom user • 8/6/2014

yeah. and i also got a rage mod from one of those just lying around the place.

This mod is cool and all, but useless

A Fandom user • 5/27/2014

I agree, except for the part about being useless.

A Fandom user • 8/6/2014
