HILDRYN PRIME BUILDS

BUILDS BY NINJASE

Roaring Flames | Mecha Set Blazing Pillage Nuke Hildryn

Mecha Set Nuke

Run **Raksa Kubrow**: <https://overframe.gg/build/442740/>

- Protect - gives 300 shields every 5s whenever your shields are not max
- Mecha Set - marks an enemy every 15s and killing that target will spread all status effects within 30 m
- Pillage also affects Kubrows allowing you to constantly reset their shield gate to keep them alive

Spam Pillage with Roar active.

Heat DoTs produced by [\[Blazing Pillage\]](#) will be doubled by [\[Archon Vitality\]](#) and double dipped by the Roar bonus for $1.78 \times 1.78 = 3.16x$ damage, so approximately 6x final multiplier for heat DoTs.

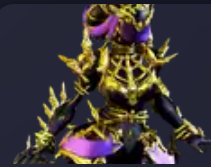

If you proc this on an enemy affected by [\[Mecha Empowered\]](#) you get an additional 6.25x multiplier (due to double dip on procs) for 39.5x final multiplier, which can be spread to all enemies in 30m via the Mecha set.

Damage of heat DoT can be FURTHER boosted with a heat inherit primer, which will allow the heat dots to benefit from +heat mods and an addition +faction mod:

- Epitaph AOE heat Primer:
<https://overframe.gg/build/376162/epitaph/heat-inherit-primer-epitaph/>

This gives another 3.25x multiplier (from heat mods) and additive 0.55x onto a component of the roar boost ($1.78+0.55$) $\times 1.78 = 4.14x$ final faction multiplier.

Priming with [\[Epitaph\]](#) also allows you to get 10 viral status procs for 4.25x multiplier.

[Top Builds](#)[Tier List](#)[Player Sync](#)[New Build](#)

200 (base) x 0.5 (DoT multiplier) x 2 ([Archon Vitality]) x 2.59 (from strength) x 4.14 (from roar + faction mod) x x 3.25 (from heat inherit mods) x 6.25 (from mecha empowered) x 4.25x (from 10 viral status) x 1.25 (Cloned flesh bonus) = **231,415 dmg / s**

After just two casts of pillage, which full strips armor, you could have 4 heat procs that do a maximum of 462,831 dmg/s, which can be subsequently spread to 30m via Mecha set (in ideal conditions).
