DEX PIXIA PRIME BUILDS

BUILDS BY ALTAÏR

Crit/Toxin for Archon Contiunity

Swap [Primed Expel Grineer](#) if you dont like using bane mods, but strongly recommended for steel path level cap 9999. Alternatively you can use [Stunning Speed Slip Magazine](#) or even [Quick Draw](#) . No other element so it will stay pure toxin and Toxin status will outweigh. Reload speed makes your battery charge faster. You can get away with 1 less foma if you swap [Primed Expel Grineer](#) with normal version which is still fine.
