Notes

- Can be combined with [Gunslinger](#), [Lethal Torrent](#) and [Arcane Velocity](#) for a total of **+342% fire rate**.
- The -15% damage is additive with [Hornet Strike](#) and other mods that increase damage. Combining a max rank Anemic Agility with a max rank [Hornet Strike](#) (+220% damage) will lead to a total damage bonus of +205%.
 - The net damage loss from adding Anemic Agility to a weapon with a max-rank [Hornet Strike](#) is only around 4.7%.
- Alongside a max-rank [Hornet Strike](#), Anemic Agility represents a 5.3% DPS increase over [Gunslinger](#), although for some weapons the increased ammo consumption and frequency of reloads will offset the modest gain in total DPS.

Trivia

- On release, Anemic Agility was able to drop from [Grineer Ballistas](#), which made it the first [Corrupted Mod](#) to drop from an enemy unit. This was unintended however, and Anemic Agility was patched out of the Ballista's drop table in [Hotfix 15.7.2](#) (2014-12-19).
