**Reservoirs Augment:** Adds a fourth reservoir that gives the effects of all three. Costs 200% more Energy.

## Acquisition

- This mod can be acquired by attaining the rank of **Genius** under [Cephalon Suda](#), or the rank of **Flawless** under [New Loka](#), and spending  **25,000** to purchase.

## Notes

- Energy cost is **not** affected by mods.
- Fused Reservoir counts as 3 summoned Reservoirs and Wisp is still limited to 6 total Reservoirs at once, meaning only 2 of the combined versions can be used at any given time.
- Doubles the energy cost of using the combined version, rather than tripling it, saving 25 base energy when using the combined version.
- The combined version has all three motes, regardless of whether Wisp is of a high enough level to have them.
- Missions will start with the Fused Reservoir automatically selected.

## Tips

- Useful for  [Empowered](#) builds, requiring only one instance of Empower to charge all three versions at once, saving energy.
- Because it simply adds another type of Reservoir and does not remove the normal ones, the player can still mix and match to place more motes in more locations if necessary (such as [Defection](#)), keeping in mind the 6 max Reservoirs still applies.

# Patch History

## Update 30.9 (2021-11-11)

- Wisp players who have the Fused Reservoir Augment equipped will now start missions with the selection on the Fused Reservoir.

## Hotfix 30.2.2 (2021-05-13)

- Fixed seeing [PH] Universal Reservoir when casting Wisp's Fused Reservoir.

## Update 30.2 (2021-05-12)
