Notes

- Stacks with [Boreal's Anguish](#) for a total of -175% gravity. This causes the user to slightly rise during Aim Glides.

Trivia

- It was first seen on [Devstream 124](#), under the name Kestrel Vantage.
 - This version also featured a different set bonus, which allowed the player to deal [Blast](#) damage on landing, instead of putting enemies to sleep.

Patch History

[Hotfix 35.5.3](#) (2024-04-04)

- Enemies put to sleep by Aero Set Mods are now open to Melee Finishers.

[Update 35.1](#) (2024-02-20)

- Fixed the Aero Set Mods unintentionally increasing the duration of Double Tap's "20% Bonus Damage on next Shot for 2s" buff.

[Update 35.0](#) (2024-02-07)
