Patch History

[Update 33.6](#) (2023-07-27)

- Common Cambion Drift resources (Lucent Teroglobes) no longer trigger the special resource notification when picked up in the landscape.
 - These special resource notifications are meant to highlight uncommon or rare pick-ups in-mission. Players will still be able to see common Cambion Drift resources via the regular resource pick-up notification -- we're just saving that special pop-up for harder to find items!
