Notes

- The secondary missions such as Ice Mine, Cyclops Array, or Freight Linker provide rewards from the "abandoned derelict" drop table (i.e. the Nautilus parts). See "Second Cache" under Neptune Proxima's Caches in Empyrean/Rewards.
  - Note that The secondary mission is not always present.

Trivia

- The Nautilus is named after the real-life cephalopod (https://en.wikipedia.org/wiki/Nautilus) of the same name, known for their distinctive spiral shaped shells. With the sentinel's wings retracted, it vaguely resembles the same shape.
