Welcome to the **WARFRAME Wiki**, a completely player-supported encyclopedia about the game **WARFRAME**. Our purpose is to create the most complete database about the game on everything ranging from gameplay explanations, [weapon](#) statistics, [combat mechanics](#), to the titular [Warframes](#) and the background [lore](#) of the WARFRAME universe.

The wiki is maintained by countless active players and fans from around the world and we welcome anyone to join our community, share your knowledge, and make this wiki a better place. New editors are encouraged to take note of our [Policies](#) or contact an [Administrator or Moderator](#) for any questions regarding the wiki. A great place to start helping is to look into our current site-wide [Projects](#) for needed edits and contributions. Volunteer developers and researchers are always welcomed!

As [Digital Extremes](#) does not actively engage with the activity on this wiki, users are encouraged to post feedback, bug reports, or suggestions to the official [Warframe website \(https://warframe.com/\)](#) and its [support page \(https://digitalextrêmes.zendesk.com/\)](#).
