Tenet Ferrox Thrown Armor Strip Build

The Attraction Field when thrown has innate electricity damage. Another reason we build viral is that you can just use Viral on your weapons (and we have stuff like Galvanized Shot and Condition Overload + slash-focused weapons that has build viral anyways)

Primed Shred if no Riven ^^

Fulmination (also primed version) doesnt work on the AEO when thrown.

Build for damage and firerate, since crit and multishot has no effect on thrown.

Use this weapon to group and armor strip enemies.

Enjoy!
