Notes

- The Grimoire can use a unique set of [mods](#) called [Tome Mods](#) in addition to standard Secondary Weapon mods.
 - Canticle Mods are exclusive with other Canticle Mods; only one can be equipped at a time.
 - Invocation Mods are exclusive with other Invocation Mods; only one can be equipped at a time.
- Tome Mods with on-kill conditions do not require the Grimoire to make the killing blow. The Grimoire only has to damage the enemy once to mark it with Tome effects, then be equipped as the held weapon when the marked enemies are killed by other sources, such as Warframe abilities.

Tips

- With infinite ammo and no reload, the Grimoire can benefit greatly from [Fire Rate](#) mods to increase damage output.
- [Multishot](#) significantly helps charging alternate fire meter, as individual projectile hit contribute toward charging it.

Lore & History

Albrecht's Notes

Main article: [Fragments/Albrecht](#)

After Albrecht's pilgrimage into the Wall of Lohk, he began documenting important events and details of his research. The pages of his Grimoire soon became full of records detailing the [Cavia](#) experimentations, Albrecht's journey to [Duviri](#), and the purpose behind the [Vessels](#).

▼ [View Albrecht's Notes List](#) ▼

Voruna's Continuity

Main article: [Leverian#Voruna](#)

The Grimoire was first mentioned in [Voruna's Leverian](#) exhibit. During [The Collapse](#), when the [Tenno](#) betrayed and hunted down any nearby Orokin, [Executor Tuvul](#) would attempt to perform one last [Continuity](#) ritual on himself to escape his demise. Arriving in the [Circulus](#), Tuvul would use the profane knowledge contained within pages

His Continuity was ultimately thwarted by Voruna who, now fused with her wolf pack, promptly tore the Executor apart. Albrecht's codex was later retrieved from the site by [Drusus Leverian](#), who used it to aid in his telling of Voruna's story.

The Kalymos Sequence

The Whisper Self

Main article: [Whisper](#)

Copies of Albrecht's eldritch book may sometimes spontaneously materialize within his [Laboratories](#). Unbinding the tome and looking too deeply into its pages will summon a dark mimic, which will then punish the reader harshly for their meddling. Once unbound, a doppelgänger of the Tenno's [Operator](#) will crawl up from the ground, and will then mimic the appearance of the **Warframe**.

A bound Whisper Grimoire

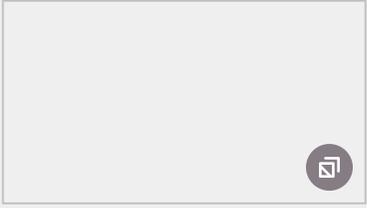

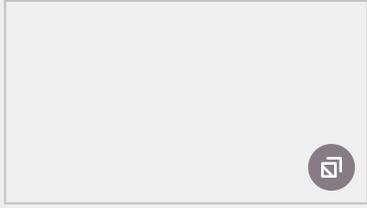

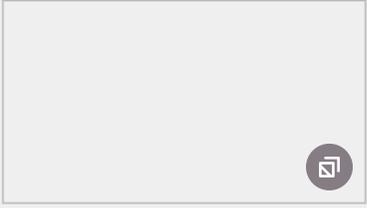

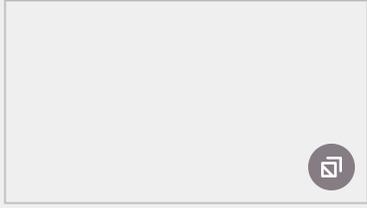

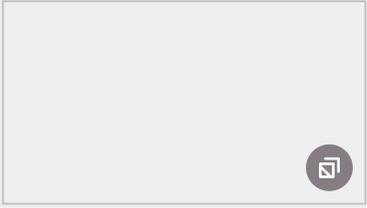

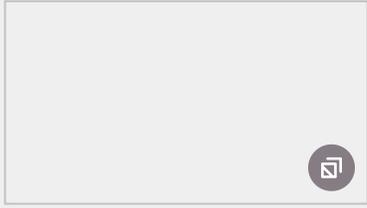

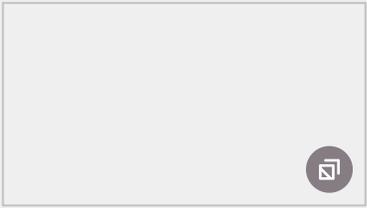

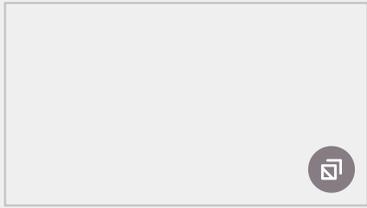

During battle, the Whisper will use numerous abilities from various other Warframes, all while laughing gleefully. Once banished, they will drop a Melee [Arcane Enhancement](#) and an [Albrecht's Notes Fragment](#).

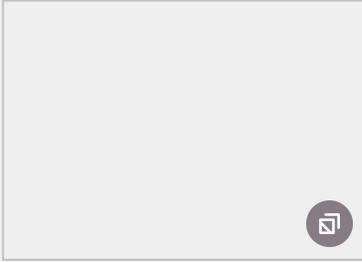

Trivia

- A *grimoire* is a book of magical spells and invocations that allows the user to cast spells, create magical talismans, and summon spirits.
