# Arrow Mutation

[78](#) [EDIT](#)

**Arrow Mutation** is a [bow mod](#) that converts any unused Secondary [Ammo](#) into Arrows, though does not affect their ammo capacity. The affected bow will only convert ammo while equipped, and will **not** convert any ammo type used by [holstered](#) secondary weapons until their own ammo is full.

Converted ammo is denoted by a  symbol. The final amount of ammo restored is rounded to the nearest integer.
