Zenurik

*They believed the clearest path to victory was to Dominate the Enemy. They sought to choke an opponent of all resources; that sheer strength could erase any resistance.*

—In-Game Description

*I see a crystal, refracting the moonlight, the Way of Zenurik. We believed the path to victory was to Dominate the Enemy. That strength of spirit could overcome any resistance.*

—Operator

*Not to be confused with the Zenurik Polarity.*

The **Zenurik** way is a school dedicated to the arcane. The [Tenno](#) of Zenurik are formidable in the arts of enemy attrition and battlefield control. Those who master the Zenurik school are granted tactical and spellcasters' benefits.

WARFRAME Wiki

This school provides massively increased [energy](#) regeneration for [Operators](#), [Warframes](#), and [Necamechs](#), one free Warframe ability cast per 60 seconds, and can [disarm](#) and slow their enemies. Their Way-Bound increases Operator energy capacity and regeneration.

Since its predecessor [Zenurik 2.0](#), this school provides improved energy regeneration, as well as increasing [headshot](#) damage. The energy well was also decoupled from [Void Dash](#) (now called [Void Sling](#)) into its own ability called Wellspring, which now affects Necamechs and can be enhanced to amplify Warframe [Ability Strength](#) and the well's duration and range. However, Zenurik is no longer capable of producing  [Electricity](#) stunning effects, [Void Mode](#) no longer pulls in enemies, and no longer has [heavy attack](#) efficiency bonus.

## Ways

### Energy Pulse

| <ul style="list-style-type: none"> <li>• Multiple Energy orb pickups stack the energy regeneration.</li> <li>• Energy is not regenerated while using channeled abilities.</li> <li>• Effects are applied after bonuses that increase energy orb effectiveness (e.g.  <a href="#">Grendel's Nourish</a>,  <a href="#">Dagath's Passive</a>, or <a href="#">Amber Archon Shard</a>). For example, with one Amber Shard (50% effectiveness), Energy Pulse will grant <math>[25 * 1.5 * 0.5] = 18</math> energy over 5 seconds, as opposed to <math>[25 * 0.5] = 12</math>.</li> </ul> |  |

### Inner Might

|   |   |
|---|---|
| <p><b>Inner Might</b></p> <p>Allows Abilities to be cast without using Energy or Shields but requires <b>90 / 80 / 70 / 60</b> s to recharge.</p>   | <span style="font-size: 1.5em;">的能量</span> 60,000 / 105,000 / 215,000 / 400,000 |
| <ul style="list-style-type: none"> <li>• Appears to act as if the player had 200% <a href="#">Ability Efficiency</a> for a single cast.</li> <li>• Will only apply to the initial energy cost of <a href="#">channeled Abilities</a>.</li> <li>• Has no effect (nor triggers its cooldown) on  <a href="#">Nidus's Parasitic Link</a> or  <a href="#">Ravenous</a>.</li> </ul> |   |

- Has no effect when casting railjack abilities.

## Void Siphon

## Notes

- The Zenurik school tree requires **9,000,000** Zenurik focus points to fully unlock all nodes at max rank, as well as **1,500,000** and 2 [Brilliant Eidolon Shards](#) to unbind both Way-bound nodes, for a grand total of **10,500,000** focus.
- A fully levelled Zenurik Operator is capable of:
  - Way-Bound:** Increases the Operator's energy capacity and regeneration by **90%**.
  - Passive:** Energy Pickups grant **50%** additional energy over **5** seconds.
  - Warframe Passive:** Abilities can be cast at no [energy](#) or [shield](#) cost once per **60** seconds.
  - Void Sling:** Slinging through enemies have a **50%** chance to be [disarmed](#). Killing a disarmed enemy increases Operator energy regeneration by **10%** for **10** seconds and stacks **4** times.
  - First Ability:** Creates an energy-restoring well for **8** seconds which grants a **30** second buff regenerating **5** energy per second, affects Operators, Warframes, and [Necamechs](#). Casting inside a well increases its radius, increases its duration by **20** seconds, and grants **20%** Warframe [Ability Strength](#).
  - Second Ability:** Emits a radial burst that slows down enemies within **20** meters by **80%** for **15** seconds, with **+100%** [headshot](#) damage.

## Tips

- Zenurik school can help mitigate Energy Reduction debuff in [Sortie](#) missions.
  - Wellspring can help regenerating energy, though at the significantly lower rate.
  - Inner Might provides full benefit of casting an ability at no cost.

## Patch History

[Update 35.5](#) (2024-03-27)

**WARFRAME** Wiki

**Update 35.0 (2023-12-13)**

- Fixed being able to use Inner Might multiple times when casting Abilities via the Railjack Tactical Menu. Now, Inner Might will be used for the initial cast and go into cooldown, as intended.
- Fixed subsequent casts of Xaku's The Lost and The Vast Untime Abilities not consuming Inner Might charges, allowing them to be cast for free repeatedly.
