KUVA TWIN STUBBAS BUILDS

BUILDS BY JASSA

https://overframe.gg/build/369417/kuva-twin-stubbas/cobra-venom/

2/4

[Top Builds](#)[Tier List](#)[Player Sync](#)[New Build](#)

Armor strip (corrosive), armor penetration (radiation), and shield nerfer (magnetic). 6x unique status types to synergize with Galvanized Shot (+720% damage). One of the best all-arounder weapons despite it's "meme weapon" status.

Reminder that all Kuva weapons require 5x Forma to completely master and unlock the total capacity shown.
