Take charge with the Saint of Altra. Gauss is fast, deals high damage, and has strong survivability. Movement charges his powerful battery, so never stop moving.

SHORT GUIDE

Thermal Sunder Nuke

Greetings tenno ! :)

Here is a thermal sunder only build. Basically you want to spam heat thermal sunder then cold proc to nuke everything. (Further explanation in the current top guide linked below)

[Archon Vitality] is very important as it doubles the heat procs of thermal sunder. Zenurik path is pretty mandatory here since you will use a lot of energy.

Mandatory also : Archon shards, one Casting speed + 4 durations to push redline up to 45 seconds.

To understand my choices, refer to this guide :

See you :)
