StatisticianHot1792

Heavy attack with secondary in hand.

[Question/Request](#)

So i recently bought Glaive prime, and for some reason i cant use heavy attack when im holding my secondary (Epitaph) in hand. When i switch to primary and then throw, it works. But for some reason it doesnt while throwing with Epitaph in hand. So im curious if i just cant use it and make it harder for me to switch back to main weapon after using the Epitaph for viral status procs.

It works fine for me with Epitaph on PC. Are you making sure to do a charged throw?
