Radial attack Xoris build

An obscure glaive weapon of Corpus provenance, intrinsically linked to Specter technology. The Xoris strikes rapidly and with great devastation. It is capable of chaining combos infinitely.

XORIS BUILDS

BUILDS BY DNFLGON

Radial attack Xoris build

My [Xoris] build is for mine. but if you want to use it, give a try. I added [Primed Fever Strike] to make corrosive in radial attack and [Volatile Quick Return] to get more blast radius of radial attack.

[Amalgam Organ Shatter] and [Killing Blow] to faster throwing, [Corrupt Charge] to make 2x deals of radial attack, If there are any corrections, please write in the comments.

ty for watch this build.
