What are the best incarnons - in general?

[Question/Request](#)

I'm struggling with picking a reward path for SP circuit because it's hard to decide which incarnon is best. Is there some rule or formula I can use to figure out which one to pick?

The Torid and Angstrum are the easiest to charge - body shots. I suggest starting with those. I've heard certain melee weapons are great too, if you enjoy using melee (Ceramic Dagger).

I think the ceramic dagger thing is because it makes a really good stat stick although I could be wrong about that.

I love the strun in general, I love the fact that the incarnon exists

The best for level cap is the latron. It's 4th evolution has 20% armor strip for each puncture proc. And then it's incarnons main damage is heat.

If you can get armor strip through other means it's not that great though. Solid weapon all around but i much prefer the Torid on Mag and whatnot

right for you? We think we have the answer.

Novel-Alarm5313 • 1y ago

Best ones are probably Torid, Lex, and Boar. My favorites however are Burston, dual Toxos, and Angstrum

Torid, Lex are probably the must haves

Honorable mention to Boltor, i think its the highest single target weapon right now, which works quite well for disruption.

If you must play melee i think hate is best.

Edit: personally i use furax incarnon, because i was already using furax for the amalgam secondary fire rate.

I haven't tried them all but here are some recommended ones. Ones in bold are best.

Week 1: Lato, Braton (not sure as have not built them yet)

Wk 2: Boar, Angstrum (not sure as have not built them yet)

Wk 3: **Latron**, **Strun**, Furis (Bo and furax are much weaker)

Wk 4: **Lex**, **Ceramic Dagger**

Wk 5: **Torrid**, Dual Toxocyst/ Mitter

Wk 6: **Burston**, (?)

Wk 7 Dread, (?)

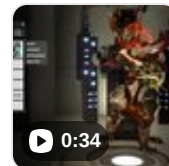

Edit: Knightmare frame recently released a youtube video ranking all incarnon genesis weapons.
