Boar Incarnon-Viral Heat | Evolution Path + Variants

by MaliciouslyCryptic — last updated 2 months ago

11

5

0

One of the finest examples of Tenno craftsmanship, the Boar Prime offers a higher Fire Rate, Magazine Capacity and a much higher per-shot damage.

Boar Incarnon- Viral Heat | Evolution Path + Variants

Evo II- Reified Bane (The other evolution that gives punch through doesn't actually affect the beam)

Evo III- Anything

Evo IV- Elemental Balance

Status chance on boar works similar to strun incarnon- it gives an additional SCxMS overall

Meaning you have 120% *base* status chance

We don't slot crit on viral heat- inferno + elemental is actually higher dps

This build is meant to be used with armor strip- if you aren't armor stripping, do the following-

Evo II- Reified Bane (The other evolution that gives punch through doesn't actually affect the beam)

Evo III- Anything

Evo IV- Critical Parallel

Swap [\[Galvanized Savvy\]](#) and [\[Rifle Elementalist\]](#) out for [\[Critical Deceleration\]](#) and [\[Primed Ravage\]](#)

swap your viral + heat mods for corrosive + cold (using 90% and primed elemental mods)

To slot both builds, drop the forma on [\[Rifle Elementalist\]](#) and the [\[Incendiary Coat\]](#) slot, and forma everything else with a madurai polarity
