NEKROS PRIME BUILDS

BUILDS BY BAOCAT

Nekros for endo farm Sedna Arena

My [Nekros] set up for Endo farm sedna arena. The core mod should be [Despoil], [Vitality] and [Overextended] (47.5m Desecrate range should be more than enough).

Every other mod is optional. I run those for my maximum QoL.

[Primed Sure Footed] (or [Handspring]) to never stagger or knock down

[Rolling Guard] for remove any harmful status effect or for emergency moment

[Health Conversion] and [Adaptation] make [Nekros] more tanky

[Thief's Wit] to help you dont miss any precious endo that appear nicely on radar.

Aura is preference, [Corrosive Projection] help on high armor enemy on steel path

[Ripkas] would be the preferred weapon for the this farm because its unique mod amalgam Ripkas True Steel
My Ripkas build: <https://overframe.gg/build/64984/>

Best team composition for endo farm is Khora, Nidus, Nekros, Nekros

My Khora build : <https://overframe.gg/build/64978/>

My Nidus build: <https://overframe.gg/build/64982/>

My Nekros build: <https://overframe.gg/build/64980/>

Optional helminth: Larva (to replace a [Nidus], in that case, you will need maximum range. Replace [Adaptation] and [Health Conversion] for [Stretch] + Augur [Stretch]). Greedy (pull) over [Adaptation], (Decoy) to hold the door, Spellbind to replace [Primed Sure Footed]

Heavy Sepfahn build (best nikana heavy build)
