SHORT GUIDE

Thermal Sunder Nekros | Steel Path Nuke/Lootframe

Strength- Just enough to full strip with terrify at max augmented stacks

Range- High for sunder and desecrate range

Efficiency- Neutral since we get more than enough energy from the health orbs desecrate gives.

Duration- Positive for sunder duration and other abilities

Arcanes-

Augmented for the faster sunder scaling and full strip. The second slot can be anything.

If you want to save 2 forma, you can drop primed sure footed and avoid having to forma your exilus and primed continuity.

Shield gate using terrify.

Playstyle-

Find a room. Cast desecrate, cast terrify, and spam thermal sunder. Periodically strip enemies before using sunder a couple times to kill them. Shadows are completely optional to use.

Important note-

Make sure to use [\[Amalgam Ripkas True Steel\]](#) on your melee weapon, so enemy bodies split on kills from thermal sunder, which is the whole point of this build.
