## Find corpus caches.

**Other**

Can we talk about how fricking annoying are these f\*cking bounties? I don't mind the outside ones, but the ones in the corpus... tunnels or what, are pretty much impossible to solo. Do you have any tips on how to find those caches? Right now I had 2 cache finding bounty stages in a row. I seriously just ALT+F4-ed. Fck that!

Come on, we are playing game about space ninjas and when I come home from work and tell myself: Okay, I'm gonna do one bounty to get a little bit of standing... then I just don't want to fcking search for boxes in a goddamn maze!

Is it just me or does someone else hate them so much?

Equip your Codex Scanner. You can pick them out at a distance without direct line of sight.

Combine that with Animal Instinct and you can thoroughly scour an area very quickly.

Tip about the caves - The caches will be in the circle, but that doesn't necessarily mean they will all be in the same cave. If there are multiple caves in the marked area, the caches can spawn split between them.

It was annoying the first time, but after that it's not so bad. They can only spawn in a few locations inside the lab, and with loot radar they're easy enough to find. I don't always get the bonus but I haven't failed them

I just wish they had the same loud him that fetus caches have so they are easier to pin down. You can barely hear the ones on fortuna.

The Orb Vallis one is pretty rough for me. I get lost quite easily in the indoor section of the Enrichment Labs and the caves.

You're not alone, I hate them too. Are you soloing these? A lot easier to run these in a group to more easily cover the area.

I like them. I've always like cache hunting in this game, though.

It'd be more interesting if there was a special enemy guarding each one, though. Maybe easier to find too if it's an eximus so you can tell when you're in their aura.

Turn the music volume right down and sfx right up. They make a distinctive humming noise.
