So I think Ophanim Eyes is a little crazy 🤪

[Build](#)

Yeah rhino and chroma now have an amazing 4th ability I 100% recommend trying this helminth ability out. If you have any ideas for it let me know. I think it's the bomb 💣

like wet tissue paper with any form of DoT damage to deny it the ability to recharge. I'd likely take something like Wrathful Advance to scale a melee approach to really lean into the DoT style that Roar already encourages for him.

Edit: Mirage enjoyers will absolutely love it though. Full Eclipse value and armor strip? Say less.

Personal opinion. Don't like it because it take long to fully strip enemies and the damage is not worth. Pillage can do the same but much better.

To be fair I mainly used it for it's slowing effect, not like armor stripping is that necessary for normal SP. I guess gloom does the same thing, but better, but Sevagoth is also a pain in the ass to grind in comparison to Jade.

The slow is the main selling point of Ophanin Eyes. Ophanim Eyes also doesn't really care about your entire build revolving around it like Pillage.

It's not replacing Pillage, but it's a welcome option among the other Helminth strips.

Ophanim (Ezekiel 1:15) what do they symbolize/represent? How many are there? Can they even talk? If so how intelligent are they ?
