Daily login exclusives should be added to this page like Zenistar
+ New Twitch exclusive pistol for now Athodai

[Fragball](#) • 10/31/2020

Not sure about the athodai - DE said it where, but then everyone i know got
the weapon regardless of that...

[A Fandom user](#) • 11/15/2021

Athodai is in Railjack now.

Baro's total exclusive mastery amount is 69k... nice

[A Fandom user](#) • 7/7/2021

Read this, scrolled back up, sad because it's been updated.

In the Prime Vault list, Destreza Prime is mistakenly listed as 'Primary' instead of 'Melee'.

[A Fandom user](#) • 4/26/2020

And the Pyrana right above that also says Melee, lol

[A Fandom user](#) • 4/26/2020

Actually, the [Prime Vault](#) page lists 60 items currently in the vault, whereas the above list only has 45. I think this page is out of date.

[Croquemorttime](#) • 4/26/2020

should be updated now...
the number of entries is not the same as on the Prime Vault page because the companions weapons appear here, and currently unvaulted items (Nekros and Oberon) appear on the prime vault page at the moment (+the kubrow collar that doesn't give mastery...)

Wolf Sledge is tradable now isn't it? Seen it in trade chat.

[A Fandom user](#) • 1/2/2020

Shouldn't Akvasto Prime be added to the Void Trader list? Aklex Prime is on there.

Write a reply

Wolf Sledge should be here I think as it is only obtainable from NW series 1 or from nightwave creds

Weapons like Sheev are missing

[LiIPisces](#) • 11/21/2019

It's not really exclusive since there are tons of invasion going which can drop it's part and blueprint.

I think there should have some Zaw strikes listing here.

A Fandom user • 7/20/2019

Like the ones from plague star? Probably.

Kinda frustrating that they even make event weapons available at all. Lots of us worked hard in past events (especially in Vanilla) to get these weapons and now they can be bought. Makes it not even worth the time it took to earn them.

A Fandom user • 5/31/2018

Just for the reward. Yes. But for the experiences and the excitement of an event when it's happening and the rewards quite large amount of time being exclusive makes them well worth it past just having earned them.

Kektklik • 9/29/2018

Can't buy the emblems or clan trophies. also can't buy the stats of your performance in your profile.

A Fandom user • 11/28/2018

Or get them back when DE Removes your account on accident...

A Fandom user • 1/22/2020

But the newer players should have a chance to get some of the old exclusives.

Currently, Braton Vandal (Barrel, Blueprint, Receiver and Stock) and Lato Vandal (Barrel, Blueprint and Receiver) are tradeable and obtainable via the Elite Sanctuary Ontslaught, albeit a small chance.

[Gamer6432](#) • 2/13/2018

Shouldn't the Supra Vandal be on the list for Event Rewards? To my knowledge there's currently no way to obtain it if you missed the event.

[A Fandom user](#) • 4/24/2018

Baro had it for 500 ducats in his last visit.

[A Fandom user](#) • 5/18/2018

Hopefully only this one time

[A Fandom user](#) • 9/22/2018

^ this egoistic thinking. "Why should others get it. I dont care if they even didnt played the game to this time so never had a chance to get them in first place. I farmed it and I dont care about the fun I had with it, so others arent allowed to get it, cause I needed to farm it." Its sad that the Warframe Community is such full of egoistic guys. BTW Baro has the Supra Vandal again. Plus Prova Vandal weapon. And now stopp whining :P

[A Fandom user](#) • 1/22/2019

^ not egoistical but economical thinking. the dude probably bought a whole bunch of them to trade them for platinum.

ofc. one could be fool enough to complain about this too... but then, you're no

btw: everything baro offered once, he'll do so again - might take some time though.

I'm waiting for braton vandal and lato vandal to be obtainable... those are the last obtainable weapons I can get.

The only thing I'm still missing after those 2 are the founder weapons.

[A Fandom user](#) • 2/12/2018

i feel your pain i have the founders but dont have the Braton vandael and lato vandael.

[A Fandom user](#) • 4/24/2018

Both now obtainable via Onslaught

[A Fandom user](#) • 8/6/2017

What about Emperor Vandal? Can it be obtained somehow?

[A Fandom user](#) • 8/7/2017

Yes. Wait for a Fomorian Invasion and hope you got lucky on its reward.

[A Fandom user](#) • 3/12/2020

Yep. I managed to get one via farming, but I don't remember how.

"As of [Update 18.0](#), components for the [Karak Wraith](#), [Strun Wraith](#), [Dera Vandal](#) and [Sheev](#) can or could be temporarily obtained from [Sorties](#) and can be traded for."

Sheev components have never and can not be traded. Since it never got a fix, it's assumed this won't be changed.

[Raisins](#) • 2/24/2016

There were never Sheev components, we got it fully made from the event. Because they just made them I'd assume they're tradeable, and if they aren't it's unintended.

[Kektklik](#) • 3/11/2016

[Update 18.5](#) fixed it.

So, from my understanding, I can't hit max mastery rank without all of these items?

[VIEW MORE REPLIES](#)

[BloodHound30PL](#) • 4/5/2019

Since level 27 is available for founders, in order to reach level 30 there is 143 weapons left to release, -1 per every Warframe, pet or Archwing released (for example 130 weapons, 10 warframes, 2 pets and one Archwing will grant enough Mastery to reach level 30 if one is 27 right now). There are plenty of weapons left to Prime, Vandal, Prisma and Wraith, I think DE gets there with ease.

[A Fandom user](#) • 5/5/2019

Can get nearly halfway through 27 to 28 now.

[A Fandom user](#) • 1/25/2021

Ever sine late 2020, MR30 players laugh at this thread.

[A Fandom user](#) • 1/25/2021

I mean they would if they had any reason to check this page anymore... which they don't.

I think i saw some vandal/wraith items in the sorties drop list, so i would consider it a valid way of obtaining them
