Blueprints Requiring Cryotic

[Click to view the Blueprints requiring Cryotic](#)

Gathering Tips

Cryotic is primarily obtained by accomplishing [Excavation](#) missions, which is the only mission type that rewards Cryotic in large quantities. Completing an Excavation cycle will grant 100 Cryotic. Although this is not stated during an Excavation mission, [Resource Boosters](#) do in fact double Cryotic earnings at the mission's end. [Smeeta Kavat](#)'s double pickup/affinity [Charm](#) buff will also double Cryotic earnings, provided that the buff is active at the time an excavator finishes digging. The difficulty of the [Excavation](#) mission does **not** affect the amount of Cryotic being awarded.

Trivia

- The name Cryotic stems from the Greek word κρύο (cryo), which translates to cold.
- Cryotic appears to be a mutagenic hazard that affects wildlife through excessive exposure, as shown in the *Shifting Sands* [Tactical Alert](#) where [Desert Skates](#) were mutated by Cryotic exposure into larger, tougher forms.
- Interestingly, a single Cryotic unit can be used to sustain a snowdrift/snowman permanently (as described in certain [Clan Dojo](#) decorations), fitting its purpose as a super-cooler.

Patch History

Update 14.5 (2014-08-28)

- Introduced along with **Operation: Cryotic Front**.
