## How to find Tusk Thumpers (Doma / Bull) and Dargyn Pilots in Plains of Eidolon (PoE))

[Discussion](#)

I thought that since this is a relatively undiscussed topic, I thought this post might at least help some people in the future.

Thumpers and Dargyn pilots have set spawn points all over PoE, the best way to find them is to fly around on your archwing, rapidly between the spawn points.

The pilots make a sound when spawning (the same sound as when one of those ships in the sky make, you can't miss the sound, it's pretty loud and obvious). They also seem to spawn more frequently when you're doing max level bounty (although I'm not sure if this is true).

Then for the thumpers look at this article: [https://warframe.fandom.com/wiki/Tusk\\_Thumper\\_Doma](https://warframe.fandom.com/wiki/Tusk_Thumper_Doma) there's a picture at the bottom with circles. just fly between the two "often" red circles, and one will eventually spawn.

U cant find them. They ll find u. For dargyn: Start PoE quest and wait for drone stage with sunny weather.  
Thumper: Get ur archwing and press double shift till ur finger tired.
