Some have walked these desolate worlds while you have slept. Some like me. I remember what you did. I remember the day.

The Tenno appeared at the Terminus, gleaming and victorious. Our cold and gold Emperors, breathless, bathed you in savior's silk. Then came the sound. Across all our worlds, all at once, the ceremonial Naga drums. A royal salute to the honored

Spawning & Combat

The Protector Stalker's spawning behavior is identical to his previous counterparts. The Protector Stalker can spawn in almost any player-accessible mission with enemies in it, except for [Syndicate](#) missions, [Assassination](#) missions, [Archwing](#) space missions, [Landscapes](#), [Sorties](#), and [Albrecht's Laboratories](#) missions. At least one squad member must be [marked for death](#) by the Stalker before he will have a chance of spawning.

Stalker, Shadow Stalker, and Protector Stalker are considered the same entity for the purposes of Death Marks; the Mark itself reads "Stalker" in a player's profile regardless of whether the player has completed [Jade Shadows](#) or not. The following formula is used to calculate if a version of Stalker will spawn:

Spawn Chance = 1.5% + (0.5% × P); P = Number of [Squad](#) members.

Protector Stalker's arrival is heralded by the same flickering darkness and threatening HUD messages as his normal variant; the only difference is that the HUD message

lockdown (where possible), and Stalker will appear in a puff of black smoke before proceeding to attack the targeted player.

If the targeted Tenno is killed, the Stalker (Shadow, Protector, or otherwise) will kneel and vanish into another cloud of smoke, proclaiming his victory and that justice was served. He may target other Tenno during his assault, trying to kill them one by one. Victory is claimed once all targets have entered bleedout at least one time. If his health drops below **10%** before he manages to kill his target(s), he will kneel and flee, announcing his shock at his failure, teleporting away in another cloud of smoke.

If he is defeated (regardless of whether he fled or was killed), he always drops one [Mod](#) from his mod drop table, and has a chance to drop further loot, such as a [blueprint](#) for one of his weapons.

If  [Jade](#) is present, Protector Stalker will immediately despawn and drop his usual loot.

Notes

- If the player buys from [Ordis'](#)  [Vestigial Motes](#) shop in the [Drifter's Camp](#), Protector Stalker with his son will appear on the other side of the river on the high cliff, overlooking the [Tenno](#). He will disappear if the player turns their camera away.

1. VG247: Can we expect The Stalker to be a bit nicer in emails from here on out?
Ford: "No, no. Never! Never. He has them on auto reply unfortunately. He's such an old man that he doesn't even know how to. He's never updated his out-of-office." - <https://www.vg247.com/warframe-jade-shadows-story-interview-rebecca-ford>
