Passive

Dare to tempt her fate, risk all in this game of chance, soon shall she succeed. Every **1** minute, fate selects one of **Koumei's** equipped weapons to impart randomized **Status Effects** when dealing **Damage** for **1** minute.

- Koumei's primary, secondary, or melee weapon icon with a circle timer is shown beside her five dice above her ability icons.
- Can select weapon types that Koumei does not have equipped.
- Has no effect on **Multishot**.

Casting an ability rolls **The Five Fates**, up to **5** six-sided dice displayed above Koumei's ability icons. The dice of fate randomly roll to one of their six sides, combining the plum blossom petals into a total number; the total dice roll determines the effectiveness of some abilities from a minimum of **1**, to anywhere in between, to a maximum of **30**. When rolling at least three dice in a triple **6** formation, known as **Shadow's Trinity**, the ability is amplified with a bonus effect. If all dice are fair (each of the faces has the same probability of landing facing up, $\frac{1}{6}$ in this case), there is approximately a 3.55% chance of getting Shadow's Trinity.

- Koumei's Rank determines the amount of available dice:
 - 1 Dice: Rank 0
 - 2 Dice: Rank 2
 - 3 Dice: Rank 6
 - 4 Dice: Rank 12
 - 5 Dice: Rank 15
- The Five Fates dice appear to be weighted, granting a higher and higher chance to roll Shadow's Trinity on repeated ability casts.
- **Kumihimo:** Damage is multiplied by the dice roll. Triple sixes causes all threads of destiny to apply one stack of each primary and secondary elemental status effect.
- **Omikuji:** Immediately awards Koumei a **Decree** without needing to complete a challenge.
- **Omamori:** Summons Omamori Charms whose number is determined by the total dice roll. Triple sixes grant **Invulnerability** for as long as one charm remains.

maximum number of status effect stacks (30) and extends the ability's range behind Koumei.

- Has no interaction with [Helminth](#) subsumed abilities.
