Acquisition

Archon Flow is available from [Chipper](#) of [Kahl's Garrison](#) for 40 Stock, requiring players to be at **Rank 3 - Fort** to purchase.

Notes

- Produces a large Energy Orb that restores **50** energy, similar to energy orbs dropped by lockers and crates.
- Abilities** that kill an enemy with Cold damage have a 10% chance to produce an energy orb every 10 seconds.
 - Effect does not scale with mod rank. The mod can optionally be left unranked to save capacity.
 - Only some Warframes can deal Cold damage with abilities.
 - Chroma's Spectral Scream and Elemental Ward, which can be transferred via Helminth.
 - Citrine's Prismatic Gem
 - Frost's abilities all deal cold, however Snow Globe may kill with

can be transferred via Helminth.

- over-time procs such as  [Slash](#).
-  [Mirage's](#)  [Sleight of Hand](#) with  [Explosive Legerdemain](#).
 -  [Wukong's](#)  [Celestial Twin](#) when equipped with  [Primal Fury](#) modded for  [Cold](#).
 -  [Yareli's](#)  [Sea Snares](#) and  [Riptide](#).
 -  [Zephyr's](#)  [Tornado](#) will adopt weapon elements when damaged.
 - While  [Lavos](#) can kill with  [Cold](#), enemies must die *after* an ability's initial damage and *before* its damage-over-time which can be inconsistent. Lavos also does not use Energy to power abilities, though he can still opt to use the mod to generate Energy Orbs for allies or to power his Valence Block.
 - [Exalted Weapons](#) also benefit when modded for  [Cold](#) directly or via Warframe. For example,  [Chromatic Blade](#) works but  [Whipclaw](#) does not work.

Base vs Final Stats in Modding - Health / Energy / Shield / Armor Stat Overhaul

If you've spent any time invested in the deeper nuances of Modding, you may be familiar with "Warframe Math" - math that upon first glance doesn't really make sense, but once you learn the inner workings of the game, it all comes together. While we can appreciate the value that complex systems offer to a certain subset of players, there are other aspects of the game that should have clear and understandable outcomes. Namely: Shield, Health, Energy, and Armor Modding.
