The infobox shows the item's name at the top. Below it is a detailed illustration of the enhancement, which is a circular device with a glowing blue center and mechanical arms extending from the sides. A large blue circle highlights the central circular component. Below the illustration, the word "Tradeable" is shown with a checkmark icon. There is also a "Update Infobox Data" button. The "Max Rank Description" section indicates "On Melee Kill +24 Heal Rate/s and +660 Armor for 10 seconds". The "General Information" section lists "Type: Warframe", "Rarity: Legendary", and "Operability: ✓". The "Tags" section includes "OPERATOR\_SUIT".

## Patch History

[Update 36.0](#) (2024-06-18)

- Trading Legendary Arcanes now requires you to be Mastery Rank 11.
  - It's important to note that only the player trading requires MR 11 and not the receiver.
  - We needed to address an issue with exploitative Legendary Arcanes farming and ban-evasion account creation used to trade Legendary Arcanes. Other options we experimented with had the risk of innocent players getting caught in the crossfire of the ban-evasion subjects. When we took a look at Trading stats we found that a very
