CODEX

Octavia turns bass, beat, and melody into a symphony of devastation. The music of her Mandachord gives her high survivability and supports allies. Her composition means the enemy's destruction.

This is Octavia, the melodic, the maestro.

*If music be the food of death...
play on, Tenno.*

—Lotus

Release Date: March 24th, 2017

Rhythmic and imaginative, **Octavia** conducts her myriad siren songs and ambient anthems through the mystical **Mandachord**. Entice enemies with musical instruments that inflict melodic maladies, as the Tenno chorus synchronize their rhythm to sound the drums of war. Octavia was composed in **Update 20.0** (2017-03-24).

Acquisition

Octavia's main **blueprint** and the **Mandachord** are acquired from the **Octavia's Anthem** quest. The Chassis blueprint is rewarded from the **Music Puzzle** on **Lua**. The Neuroptics blueprint is rewarded from **Rotation C** of **Terrorem** (**Survival**), **Deimos**. The Systems blueprint can be found in the

Mandachord

Main article: [Mandachord](#)

The **Mandachord** is [Octavia](#) and [Octavia Prime](#)'s signature instrument that allows her to interact with her abilities. To use it, click the Mandachord tab when Octavia is equipped.

Notes

- If Octavia wields her [Signature Weapons](#):
 - [Tenora](#)/[Tenora Prime](#): [Headshot](#) kills with [Alternate Fire](#) have a **20%** chance to instantly refill the magazine.
 - [Pandero](#)/[Pandero Prime](#): Headshot kills with Alternate Fire increase

- No weak spots other than actual heads will trigger these effects.
- Headshots on invulnerable enemies will still grant these effects, but **not** with invulnerable bosses.

Trivia

- [DE]Danielle performed motion capture work for Octavia's animation set as seen during [Devstream 86](#).
- The Lester B. Pearson School for the Arts provided the sound effects for Octavia's abilities.^[1]
- Octavia's name was announced during PAX East 2017.
- Octavia's name comes from the word *octave*, the word for a span of eight [diatonic](#) tonal notes that repeat over higher and lower frequency ranges, usually containing the basis for most musical scales. Her name may also have some origin from the Latin name "Octavia", meaning "eighth born".
- Octavia's Mandachord plays notes in the [D Minor Pentatonic scale](#). "Pent" meaning five, corresponding to the five available notes for the Melody and Bass instruments to select from when composing a song.
- Lotus' quote, is a reference to the opening scene of Shakespeare's "[Twelfth Night](#)".
- The names of Octavia's Corpus-themed instruments all have Greek origins.
 - [Alpha](#), [Beta](#), [Gamma](#), [Delta](#) and [Epsilon](#) are the first five letters in the [Greek Alphabet](#).
 - *Horus* may be derived from [Horos](#), which is Greek for dance.
- Octavia is partly unique because two of her component blueprints can only be acquired from side objectives in missions (e.g. Crossfire caches and the Lua music puzzle).
