5	3%	120%	2.25%	90%

## Acquisition

Primary Frostbite can be obtained from [Conjunction Survival Circulus](#) on [Lua](#) as a [Rotation C](#) reward. Alternatively it can be purchased from [Archimedean Yonta](#) for 15  [Lua Thrax Plasm](#) each, with a total of 315 for max rank.

Item	Source	Chance	Expected	Nearly Guaranteed
	Tier 2 Conjunction Survival / C	10.20%	~ 9 C Rotations	64 ± 21 C Rotations

All drop rates data is obtained from [DE's official drop tables](#) (<https://warframe.com/droptables>). See

For more detailed definitions and information, visit [here](#).

## Note

- At all ranks, it will take **40**  **Cold** procs to reach the maximum bonus.
- Stacking Primary Frostbite does **not** require the Cold proc to come from the primary: it can come from Warframe abilities such as  **Frost**'s ability kit, or *any* weapon that can proc Cold - even if the primary is holstered.
- Unlike other weapon arcanes, Primary Frostbite stacks expire all at once after 12 seconds of no procs, rather than only 1 stack every 12 seconds.

## Tips

- With high **fire rate** weapons such as  **Glaxion** ( **Vandal**,  **Tenet**),  **Cryotra**, or  **Verglas**, Primary Frostbite's max stack can be reached quickly.

## Bugs

- Will only stack if new cold procs are added onto enemies, if the enemy already has 10 cold procs the arcane will not add bonus stacks nor refresh the timer.

## Patch History

### Update 32.2 (2022-11-30)

- Introduced.
