Demon Hunter Dual Keres Prime Build - Wisp Melee - Tier 6 Crits

Dual Keres Prime Build for my Demon Hunter Wisp: --->[Link](#)

Running Corrosive because we need armor strip and you can apply Viral with your primer ([[Epitaph](#)], [[Kuva Nukor](#)], etc...)

As a Riven for this build I would suggest a +Crit Dmg +Element (Electricity if you want to keep Corrosive or get whatever you get really). Replace [[Voltaic Strike](#)] if you get an Element on the Riven. If you don't get +Crit Dmg and an Element, then replace [[Weeping Wounds](#)] for the Riven.

The [[Dual Keres Prime](#)] have an insane Critical Chance paired with an even more insane Critical Multiplier. Using this build + the Demon Hunter [[Wisp](#)] Build, will let you deal Tier 6 Crits consistently.

Crowd control primer
Nautilus - Best used with
Ocucor or beam weapon
