Good creams for 4c hair?

Anyone know any cheap (less than \$15) preferably moderate/thick creams to moisturize my 4c hair?

I have 4a-c hair and my hair really loves the Cantu line (Coconut Curling Cream + Leave in Conditioner). It's thick and moisturizing.

Organic Shea butter. I also have type 4 hair and shea butter is heavy(mine is coarse so it works out) yet keeps my hair soft. This is my go to as it is affordable and works well. Alternatively, I like Camille rose naturals almond jai butter(which is pricey) but is really moisturizing as well!
