CODEX

Loki knows the art of deception. The trickster employs stealth to sabotage enemies. Sow confusion.

This is Loki, the trickster, the deceiver.

Whether you prefer to go into battle alone or with a team, Tenno, Loki will adapt to any style.

—Lotus

Release Date: October 25th, 2012

There unseen yet where has been, come hither the Trickster God, **Loki**. Nimble yet frail, in shadow he dwells, swift their deaths shall be. Foes oft find, their prey in plain sight, such fools made ill at ease. Kickstart the brawl, turned a melee free-for-all, mischief achieved in his favor.

Acquisition

Loki's main [blueprint](#) can be purchased from the [Market](#). Loki's component blueprints can be obtained from defeating the [Hyena Pack](#) on Psamathe, [Neptune](#).

Notes

- Loki, along with [Loki Prime](#), has the third fastest **sprint speed** at 1.25, with [Gauss](#) having the second fastest at 1.4 and [Gauss Prime](#) having the fastest at 1.5.

Trivia

- During [Closed Beta](#), where all available Warframes used to have three abilities, his ability set was: [Decoy](#), [Invisibility](#) and [Switch Teleport](#).
- His name is drawn from the Norse god [Loki](#), who was generally seen as a mischievous, sly trickster. The Loki Warframe has abilities that further strengthen this connection, as Loki is able to turn invisible and create decoys of himself, amongst other abilities.
- For a while during Closed Beta, Switch Teleport could be used on the Defense cryopod, allowing players to move it across the map or into significantly more defensible and advantageous positions - including locations the AI (especially for the Infested at the time) could not reach. This was ultimately fixed in [Update 5.4](#).
- Prior to [Update 14](#), Loki was one of the three starting Warframes, along with [Excalibur](#) and [Mag](#), before being replaced by [Volt](#).
- The Orokin script on his thigh reads "148-H Tenno Model 2100N Serial 148-H".
- Loki's default helmet (along with the default helmets of [Excalibur](#) and [Chroma](#)) are available as **unlockable antenna toppers** (<https://www.facebook.com/WarframeGame/>)

- In the opening cinematic of [The Second Dream](#) quest, the [Stalker](#) is seen dropping a Loki helmet on the ground next to Hunhow.
