There will be no s2 because the ln is done. Anime is made to sell lns

There has been more than a few light novels that has gotten adaptations after the source finished, either first or sequels.

- The Devil is a Part Timer 2nd season. The ending was also hated.
- My Daughter Left the Nest and Returned as an S-rank daughter.

Comes to mind.

actually really good, I recommend it. Each Ln is like 7\$ on Amazon if you send it to the kindle app.

I don't want to sound like im delusional, but I think there is a possibility of a second season. The event(or collab?) they recently did with the ant kingdom game, the upcoming ruler of the labyrinth game. And chruncyroll shared a post about kumo desu in the community section of their youtube channel, so I think it's possible that a new season will come out

Season 1 was too messed up of an adaptation to hope for a second season. And it's not popular enough for an eventual future remake like Spice and Wolf had.

Crunchy Roll posted some images from S1 a couple weeks ago. Who knows

I see no rational reason to not have more anime, makes no sense. The "light novel promotion" rule is pulled out ofwell you know. Just look at anime and there is no such rule.

Ughhh I dunno if it's just me or it's the wrong people here but the anime was great. I must be a crazy dude cause everyone I know says the anime was terrible. I like it and I hope there will be a season 2. Rewatching 5th time now

Not everyone agrees So I'm a Spider is the best anime but I think we can all agree it has the most anime outro imaginable.
