**u/razorbeamz** • 6 hr. ago**Is there a good Anki deck of computer terms?**

I'm trying to get a better grasp on computer terms in Japanese, especially ones related to Microsoft Windows. Especially for instructing others on what to click on and what to do. Does anyone know a good Anki deck of computer terms, especially one focused on Windows? Especially so I can get a good grasp on which terms are...

**Nihongo pro app heavily discounted (not affiliated or anything)**

<https://apps.apple.com/mx/app/nihongo-diccionario-japon%C3%A9s/id881697245> Not affiliated or anything, but I got notified and thought at least someone here might want a heads up. The app has excellent reviews and 4.9 stars, although I personally haven't used it but I might try it. Looks interesting. From 179 dlls to 89 dlls
