Why is my canna oil so dark?

I used 1/2 Oz bud to 3 cups olive oil. I'm planning to use it for gummies but I saw a video of a lady's oil that was really bright and clear.

This was my first try. Did I do something wrong? Can I fix it now?

My high ass thought that was one of those gallon size sun tea containers full of fucking canna oil. I was going to shit myself.

Bwah! 😂 I can see that! It's a tiny pickle jar but what a fun perspective experiment 😊

Recently got into making edibles because of the vice weed cooking show "Bong Appétit." Here's some stuff me and my boyfriend cooked.
