Console Pre-Order Question - Deluxe Edition vs Standard

Question

Disclaimer - I have never played the game before the open beta this month.

The deluxe edition is roughly \$20 USD more than the base game, but the content seems to only be a couple cosmetics. Anyone with experience with New World know the comparative worth of the pre-order items alongside other in-game, paid cosmetics?

I have searched high and low to figure out what the general consensus was on the Deluxe Edition, but haven't found anything. I understand we all have opinions on worth and if pre-ordering is good/bad, but I am mainly looking for objective answers and facts about the two different pre-ordering options.

Thank you and I am looking forward to seeing you on the 15th.

You can get some slots for free, but if you want all 9 or whatever the cap is you need to buy some. They're about \$9 each if I remember right.
