Hello! This looks exciting! I have a couple of questions.

1. Will the entire set be revealed by March 1st, the last day to preorder the set?
2. In the preorder information, it says that the sets come prepackaged in boxes of two. Is this one set of 126 cards in two boxes? Or is it 2 sets in two boxes, one box per set? Or is this one playset (4 copies of each of the 126 cards) in two boxes?
3. If I want to preorder a full playset of 4 copies of each of the 126 cards, how many sets do I order?
4. When pre-ordering and sending the \$ over by PayPal, do you want F&F or G&S?
5. I understand that the set is already finished, but what was the design philosophy behind the cards? i.e. In today's MTG color pie, River Nymph would be a white card instead of a blue card, while in Old School, blue has pretty much access to all of the color pie...

Thank you!

So, how did preorders pan out? Hopefully enough were ordered to get the discounted price!
