Gathering Tips

These are based on opinions and may not be true. These should be viewed as advice unless proven undoubtedly true. Check comments for confirmation. Results may vary.

- It is highly recommended to equip [Thief's Wit](#), [Master Thief](#) and/or [Scavenge](#), as it will show you the location of containers and unlock more lockers.
- Playing low level missions with a high amount of containers like Caloris on [Mercury](#) will help in gathering Nav Coordinates.
- For Mutalist Alad V Nav Coordinates, Thief's Wit can also help find [Hive Sabotage](#) Caches, increasing the chance for these Nav Coordinates.

Notes

- Gathered Nav Coordinates will show up on result screen with resources and mods.
- The tileset (size) of the mission's map will determine how many can be acquired.
