This image shows a map of the Plains of Eidolon in Warframe, with several locations circled and labeled with item drop frequency. The locations and their labels are:

- THE SEETHE**: Not worth checking
- RENTHI SPRING**: Often
- GARA TOHT LAKE**: Not worth checking
- HEK'S STILETTO**: Often
- TWIN HORNS**: Not worth checking
- CETUS**: Not worth checking
- Less**: A blue box labeled "Less" is located near the top left.

The map also shows various landmarks and icons, including a red icon near the top left, a red icon near the top right, a red icon near the bottom right, and a red icon near the bottom left. The map is titled "MOUNT NANG" at the top.

At the bottom of the image, there is a section titled "1-12 of 40855" with a small image of a Warframe, a small map, and a small image of a Warframe. To the right of this section, there is a box that says "+40,851 more items on this".
