What about it being part of Acrithis' shop?

By the way it is not available in the market nor is there any instructions online or patch notes that tell specifically what you need to have in order to get them from the market this game needs an overhaul for new players so i dont have to waste my time

My weapon primary NA slot for arcana , How can I unlock the primary weapon arcana feature?

[Brenton239](#) • 7/13/2024

Getting to steel path- AKA clear every node. Talk to the arbiters unlocking arbitrations is the same thing and they'll tell you where to go.

[PanTheMan16](#) • 9/29/2024

While I haven't checked the market, you will be prompted to pay 20p when trying to select your locked arcane slot from your arsenal.

Can someone do the Math and let us know if its Cheaper getting from [Teshin's \(15 Steel Essence\)](#) or [Acrithis's shop \(25 Pathos Clamp\)](#) or [Market \(20 Plat\)](#)

[A Fandom user](#) • 1/22/2024

It's infinitely easier to just do 3 daily Steel Path missions for the 15 essence.

[A Fandom user](#) • 2/21/2024

Yep, 3 SP Incursions are doable much faster than 1 normal then 1 SP Orowyrm, especially on days where the SP Incursion options are quick mission types. Add in Acolyte appearances and your Steel Essence will add up quickly, and give you that little extra to hold onto for other ideal items.

[Brenton239](#) • 7/11/2024

Me selling 1 mod from any of the 3 open world syndicates for 20p. And by far the easiest depending on the SP missions of the day but maybe not the quickest by a couple extra minutes. None of its really hard tho.

I just got this after killing Wolf of Saturn Six, new feature?

A Fandom user • 8/8/2023

Same here, dropped from Wolf in the Recall Alert mission

A Fandom user • 9/29/2024

Weird that nobody has listed it in the drop tables, nor this doesn't show it can be dropped from anyone.

Bruh why can't you just get it for 20p or something

An easy way to get to Teshin is from your Orbiter. Go to the Syndicate Console, and from the little icons on the top left (starts with Primary, then Cetus, etc.), choose Miscellaneous. Click on the Conclave syndicate, then Visit Conclave

Because they want you to actually play the game

My Bad: The Arcane is on the Market,
The Adapter is on the Steel Path;
Bait and switch. :(

Pretty cheap, was ready for the wiki to tell me it would take 2 days of farming to get one lol

[A Fandom user](#) • 8/22/2021

Came here thinking the same thing when I realized I couldn't just outright buy it like exilus adapters etc.. This was a pleasant surprise.

DE: "We wanted to make guns viable in Iron Path"
Players: "Cool, how are ya gonna do that? Buff the base stats of them, reduce the
omnipotence of the enemies, actually balance the game."

Nice rants. The real gamers however are only concerned with getting Steel Path 2, cuz the original was 2ez.

A Fandom user • 11/19/2022

"real gamers" is not how you spell '14 year olds" at all.

A Fandom user • 12/5/2022

If they wanna make a hard mode, they should at least lower the original star charts BS nearly insta-kill things. I get some people want harder enemies and such, but why make changes to make the base game harder, if you're just gonna turn around and make a hard mode? Go ahead and call me whatever you'd like, but I want to have fun, as opposed to having to abuse the game and follow the meta like a slave just to put up a fight against anything,

A Fandom user • 4/10/2024

People would still complain tho , i personally would not want to flank enemies or do alot extra when i need to grind something hard
