Acquisition

- This mod can be acquired by attaining the rank of **Maxim** under the [Arbiters of Hексис](#), or the rank of **Genius** under [Cephalon Suda](#), and spending **25,000** to purchase.
- This mod can periodically be acquired from [The Circuit](#).

Notes

- Range is affected by [Ability Range](#).
- Affected [Defense Objects](#) cap their damage reduction at **50%**.
- Total Eclipse applies to other players, [Companions](#), [Specters](#), friendly AI and Mirage's [Hall of Mirrors](#) doppelgangers
 - Total Eclipse also appears to apply to ability-related specters of other Warframes when Eclipse is [subsumed](#), including [Celestial Twin](#), [Metamorphosis](#) with [Duality](#), [Shadows of the Dead](#).
- Eclipse's bonus will add separately from other damage-bonus augments (such as [Freeze Force](#)), though it will still affect modded elemental values when applied on weapons.
- A Mirage under the effects of both her own Eclipse and an allied Total Eclipse will only benefit from her own Eclipse. The allied Total Eclipse will not stack.
