Correct me if I'm wrong but if you can't revive him because you don't have any wakestones he should go to the morgue and while he's there you should have the time to find a wakestone I'd say your best bet is to google where you can find a wanting and make sure you have a way to get back quickly

Run around the seabed and open some chests some may have 1 within, you really gotta be prepped up for The Unmoored World cause you can burn through your gear really quick.

- Switch to Mystic Spearhand/Warfarer and use the magic bubble shield skill
- Have a Mage with Palladium
- Use an interactive map, or go to the highest tower in Vernworth Castle and find the Dragon's Gaze in a chest, which shows the location of Wakestone Shards

Thank you for this! I am a mystic spearhead. Will use that shield skill. Will look for mage with palladium. I have 3 of those dragons's gazes, I will use them. 🙏

By the way I'm pretty sure the morgue doesn't work in unmoored world, Menela died in my game and I got fucked out of platinum cuz I couldn't find her body and even after 10 days of rest she wouldn't appear in the morgue, keep note of where he dies so you can go back to that exact spot to check for him

Dragon's Dogma 2 was one of the silver tier in terms of Steam sales - Capcom really should recognise its value and release a DLC

Just realised that if you fall/jump from a damaging height, the tops of these will act as a cushion of sorts and completely mitigate all damage.
