I beat Malenia with the help of a player named "I Die One Hit". True to his word, he died in a single hit, right before I landed the final hit on Malenia.

Before that, he was bleeding her every few hits. It was glorious to watch.

Legend has said that the pot on his head is a nerf. It's for the bosses to have a fighting chance.

Whenever I feel like a boss is unbeatable I'll remember your exploits. If a naked man with a pot on his head can beat arguably the hardest boss in the game, then I can beat the fire giant.

I BEAT HIM!!!

You can summon Alexander as a cooperator. His summon sign is a golden patch in the snow just past the fog door, easy to miss
