Overview

Main article: [Whisper](#)

Scathing Whispers are shadowy mimics that copy the appearance of whoever unbound them from their tome. Once unbound, a doppelgänger of the Tenno's [Operator](#) or [Drifter](#) will crawl up from the ground, and will then mimic the appearance of their **Warframe**.

Once the Whisper's first health bar is depleted, a **Whisper Grimoire**, marked by a white icon, must be located and destroyed to fully banish the entity.

Behavior

During battle, the Whisper will use numerous abilities from various other Warframes, all while laughing gleefully. This version of the Whisper prefers ranged attacks and tactics.
