Elden ring mod making help needed: how to give a specific npc a new moveset?

[Help!](#)

So I'm a pretty new modder and wanted to give a specific banished knight a special moveset I made how could I do that? I've checked smithbox and haven't found any way to give an npc a diff moveset. Any help would be greatly appreciated!

I believe you have to edit the npc animation then you have to edit the npc /script file as well, I haven't done it cause the script LUA file is quite difficult to understand

Kinda a curious Lore question are the bosses waiting for tarnished or is the Tarnished running into the boss and it's just a coincidence that they encounter each other??
