1st Trial, when you die on boss you simple have to quit the game and relaunch

[Game Feedback](#)

Hello all, Just tried 1st trial, "died" on boss because i had no honor left. Then the failure screen appears and that's all. You cant do anything, cant respawn out, no buttons on my controller allons me to do anything, so yes you have to quit/launch back

Nice one.

I'm on Xbox. Dont know how it is for other users or PC players

Is it totally frozen or can you still get out of it? Using the keyboard and mouse.
